Tile and Ceramic

# Gypsum Stone

We maintain contracts with the largest gypsum mines, enabling us to supply gypsum stone in high volumes at competitive prices.

# Gypsum Powder

Plaster powder is a versatile, soft white material derived from gypsum rock. Its applications include:

- **Construction:** Plaster casts, construction plaster, and gypsum boards.
- **Agriculture:** Soil amendment and improvement of physical properties.

# Lime Stone

We supply 30,000 metric tons of high-grade limestone monthly, focusing on Gulf region countries. Our limestone meets industry standards and is ideal for construction and industrial applications.

# Clinker

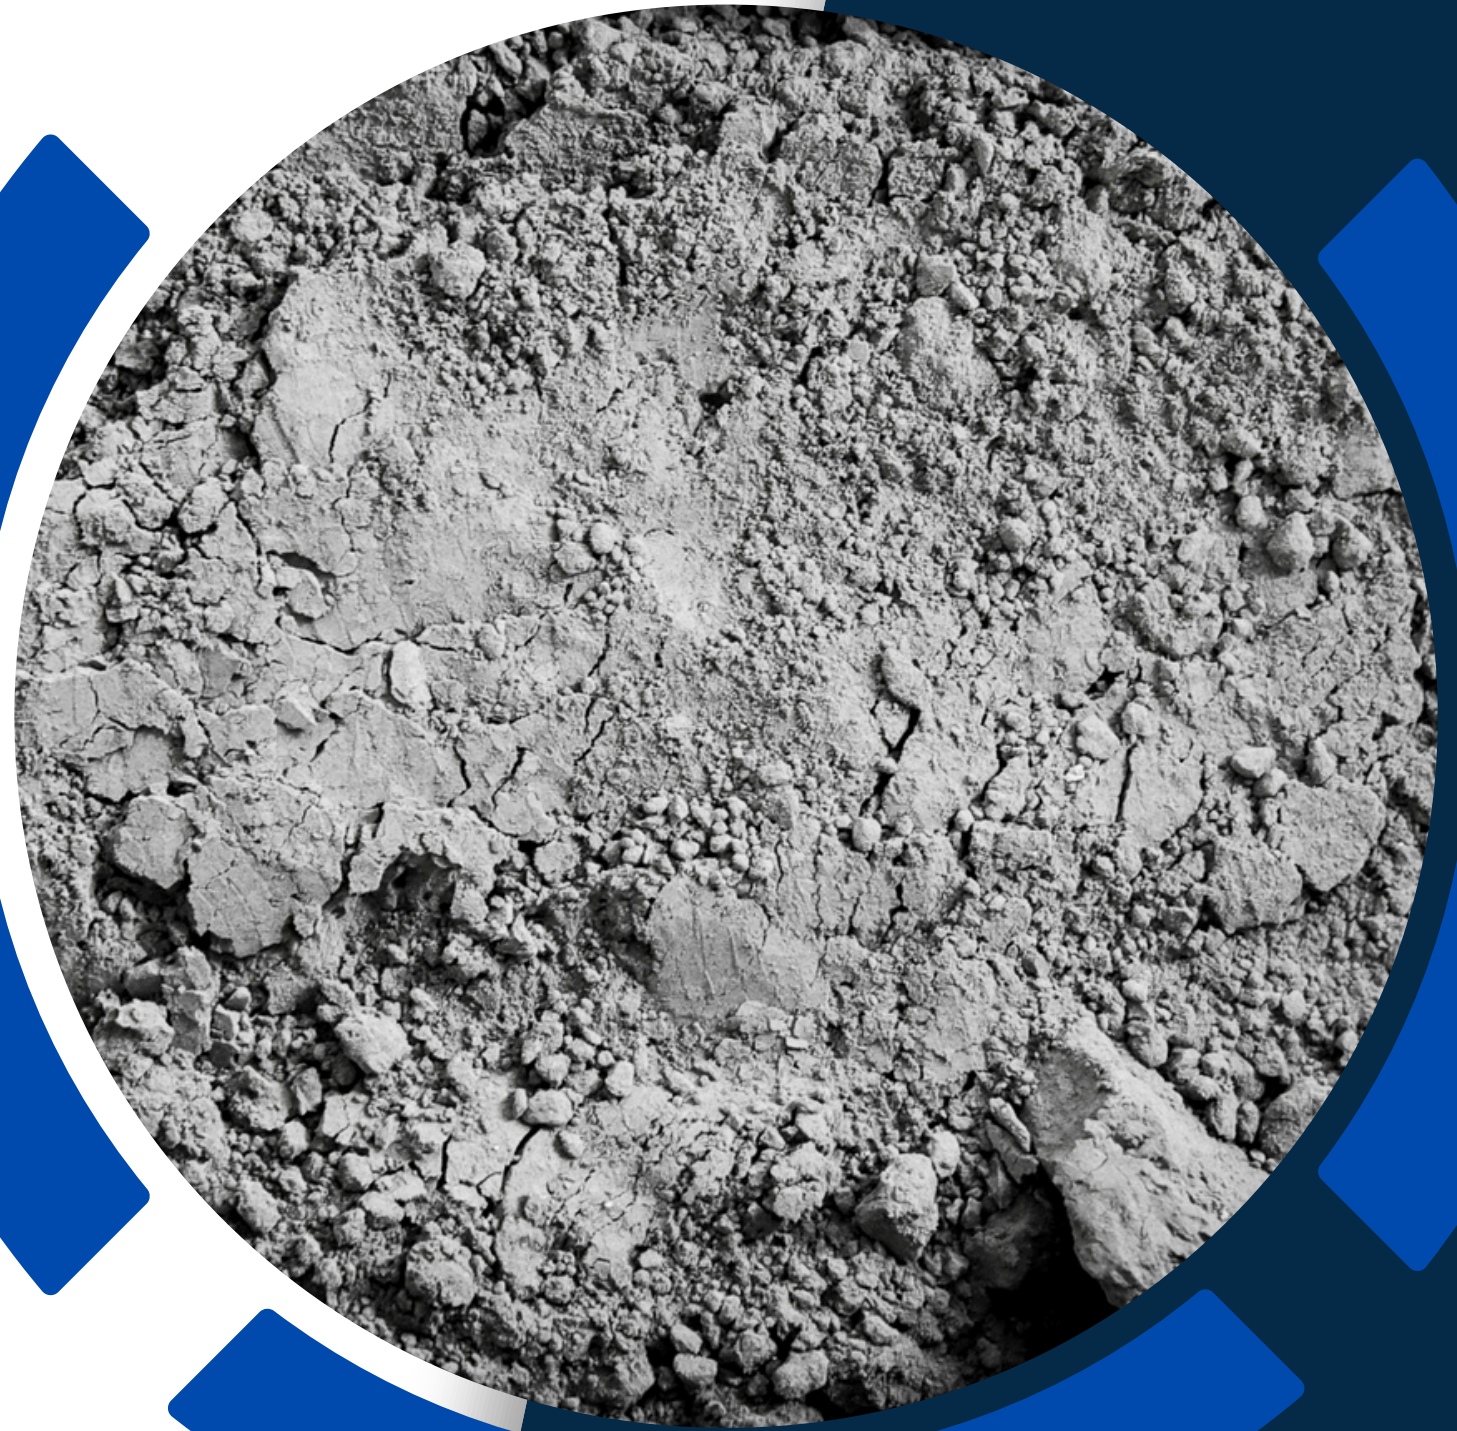

Clinker export is our core activity, with annual shipments exceeding 2,500,000 metric tons globally. We ensure premium quality and adherence to international standards.

# Cement

Cement ranks as our second-best-selling product, with monthly exports surpassing 100,000 metric tons to various countries worldwide.

# Tile & Ceramic

We specialize in the export of high-quality tiles and ceramics to diverse regions. Our export volume exceeds 100,000 square meters, with major shipments to Tanzania, Sri Lanka, East Africa, and the Gulf countries, catering to both residential and commercial projects.

# Aggregate

We export 20,000 metric tons of top-quality aggregates monthly to Gulf region countries. Our aggregates are essential for concrete production and road construction, meeting the requirements of both small and large-scale projects.

# Our Goals

Supplying products from the best manufacturers at competitive prices.

Delivering exceptional services in the shortest possible time.

Offering tailored solutions to facilitate successful business operations.

Ensuring product quality compliance with international standards.

Providing value through competitive pricing strategies.

# Vision and Mission

## Vision

To become the leading global supplier of construction materials and minerals by prioritizing innovation, sustainability, and customer satisfaction.

## Mission

To provide premium-quality products and services that empower our clients in building a sustainable future.

# Why Choose Us?

- 1 Extensive experience in global markets.
- 2 A strong network of trusted manufacturers and suppliers.
- 3 Proven track record of timely, high-volume shipments.
- 4 Customized solutions for diverse client needs.
- 5 24/7 customer support ensuring seamless communication.
